

Evangelism goals, plans, and schedule for 2025

Evangelism goals, plans, and schedule: one

- A. I want to challenge our team to study core themes to familiarize our group members with mentorship, leadership evangelism themes, and church-planting ideas by reading/doing exercises from the book “Discipleship for King Jesus.” The book will also outline evangelism tools, methods, and church growth strategies.

The Bible-based book is transformative, you will not be the same evangelist coming into the study of this book that you’ll be when you’re through with it. The scriptural themes when applied in the exercises will help you grow. *You are encouraged to read one chapter a week and do the exercise within that chapter.* This is a core part of our group’s training for this year. The chapters will be useful for our future work and development.

- I’ll group text each team member our study booklet.
 - You can also download the PDF booklet [here](#).
 - Also, you can go to this online site and visit the bookstore to access this free book. This book is also in Spanish on this website. www.churchofchriststreetcampusevangelism.com

Evangelism goals, plans, and schedule: two

We have training pages from our work last year. I’ve recorded our classes, events, and training materials, themes, and resources. These pages are made for our group. I will be updating one or more of these pages monthly. I encourage you to read through these pages. The data is invaluable and will help you learn and grow. Also, the new themes for 2025 will be shared in more detail in our group’s training pages.

These pages are mainly divided into small sections. I personally read this material to recenter and to focus on the goals and themes of this work. I tend to read a small section a week and watch a video if there is one in that section. I’d encourage you to do the same. It should not take more than 30 minutes (if there is a video). There are some exceptions, where videos are longer, but this tends to be the rule. Some places have many videos.

I will just watch one video for that week. Work through the first page. Then cross over to the second page. You’ll get great training from our pages. And by tuning into these pages weekly, it’ll help you stay up-to-date.

- Our evangelism groups first page starts out sharing our beginning work, early classes, and vendor activities in campus, and primarily gym evangelism is outlined below. www.evangelismworkersoftampabay.com/s-projects-side-by-side

- Our activities in friendship evangelism, further training classes and upcoming activities and goals for our work have been added to our evangelism training page here www.evangelismworkersoftampabay.com/copy-of-online-training-and-group-rec

Evangelism goals, plans, and schedule: three

We'll have a monthly schedule to encourage active work in outreach. We'll also have classes to learn evangelism, methods, teaching concepts for various religions, friendship approaches, and how to make church cards to use for personal work. We will make leaders, and mentors in doing class work, evangelism events, and in personal outreach activities. Our goal is to make people equipped to the degree where they can create their own groups and easily do this work in their lifestyle with or without a group dynamic behind their endeavors. To learn more see our evangelism training pages. Our group helps create accountability through our meetings and events. The calendar below details what we will do.

Monthly Calendar:

Beginning in February 2025

Week one: A. - Soul saving/invite classes

Tuesdays - 7 PM at [Panera Bread](#), we will teach Bible themes on how to do lifestyle/friendship evangelism. We will do exercises to help people learn/get comfortable with inviting others to Bible studies/church. They will also learn how to talk to others about spiritual things and share the gospel with the lost. These classes will help us pass it on, to teach as we have been taught. (2 Timothy 2:2)

Week two: B. - Infield training

We will meet at a college, mall, or some other social setting to practice what we learn from our lifestyle/friendship evangelism class. The goal is to get acclimated and comfortable with approaching people. The goal is to do what each group member is comfortable with doing. They can smile, wave, say hi, etc. As they do what they are comfortable with doing they will be able to engage more socially as time moves on as we do these events. We will also encourage our members to try to interact with people throughout the week.

Week three: C. - New convert training classes:

Tuesday - 7 PM at [Panera Bread](#), we will teach themes for new converts/Christians. These themes will lay solid foundations and be useful for grounding them in the core truths of the Word. These classes will be used to teach new converts/Christians. But they also can be used to teach non-Christians who come. What the group learns from these classes can be used to teach others. This class will educate our group on how to teach and familiarize them with excellent materials.

Week four: D. - Evangelism event:

On the last week of the month, we will do an evangelism event. We'll meet up to either do door knocking, campus vendor work or gym vendor outreach. We may also do other events each year. The goal is to share Jesus. But we also want to train people in these types of outreach formats and make leaders in doing event evangelism. The more people trained the more events we can do on our event day at the end of the month. The more events our members do the more acclimated our group will get in doing such activities. These event activities will also help us get more comfortable with doing friendship evangelism.

Evangelism goals, plans, and schedule: four

New themes:

Theme one: For 2025, we'll focus on HCC colleges (which has little religious presence) in the Tampa Bay area, as well as The University of Tampa. The Ybor HCC college is poor and largely untapped. Much opportunity can be found with the young, and the poor, as well as with first-generation Spanish speakers and immigrants. This will be a great place to focus vendor work, friendship evangelism, and future activities.

Theme two: We'll focus on church planting work. This is optional. The church meetings will be in Ybor City and our worship will focus on evangelism and church planting themes. We'll meet at different times than regular church worship on Sunday. You'll still be able to go to your local church and support this work. The efforts of this project will help reach the lost in poor Spanish communities. This work will help our team further grow in evangelism as well as give them first-hand experience in church planting. We'll detail this more in our evangelism group texts and on our second evangelism training [site](#). To learn more, see our church planting website [here](http://www.evangelismworkersoftampabay.com/church-planting-blog).

Share feedback:

Write down ideas you want to share with the group. Any methods, vendor activities, places to work, etc. you can use to focus on. Anything you want to ask or share, write down. When we start talking, have anything you want to share ready. Write down and share. When we are having our meeting. I'll ask for feedback.
